

THE JUNK BOX

Volume XII -- Issue 1

January, 1977

The Official Publication of
The Michigan Token & Medal Society

THE CUNNINGHAMS & THE PENZES

For this our post-Bicentennial year of 1977, our Mich-TAMS is off to a good start. A new slate of officers was elected at our annual meeting in Dearborn on Nov 27th. At that meeting plans were suggested for this year's activities, several members paid their dues, and two new members from Ontario, and others, signed up.

Our four elected officers for 1977 and 1978 are two couples, a balance of newer and long-time collectors, outstate and large city, with a variety of interests in exnumia.

Our new president and treasurer, respectively, are Paul and Sue Cunningham, Box 1, Tecumseh Mich. A short article on page 1 of the July 1973 Junk Box told of their wedding, and of the issuance of a modern marriage token bearing their names. Paul was brand new to our Mich-TAMS at that time, Susan has accompanied him to most events since, and now is also a Mich-TAMS MEMBER. In three short years Paul has become knowledgeable in all kinds of tokens and medals, has his own mail bid auctions, one of the larger ones in the nation, and is researching and writing books on tokens. One suggestion Paul strongly urged is to have several swapmeets in 1977, and invited the membership to hold one of these at his home in Tecumseh. Another such meet is to be in connection with the MSNS state show. Present at the Nov 27th meeting was Harold Kotesky #408 who is part of the state show committee. By December your editor had already received from Harold a map of direction to the Pantlind Hotel in Grand Rapids, and information that Mich-TAMS would have room 222 for an all day swapmeet, on Sunday April 24th. This swapmeet will start at 12:00 noon.

Newly elected VP is Steve Penzes, and re-elected as Secretary is his wife Alice. These folks are charter members of Mich-TAMS, #14 and #16. Later, at a special event in St. Louis, Missouri, during an ANA Convention, Steve Penzes and Alice Moon were married. Their home is on Fort Street W. in Detroit.

Newly elected to our Mich-TAMS Board of Governors is Ken Hallenbeck, Mich-TAMS charter #155, and currently an ANA Governor, who hails from Ft. Wayne Ind.

Asked if he would continue with the Junk Box during the transition of elected officers, and consenting to at least two more issues, was Editor Chester Clark. A new editor should be determined at our spring meet, as should an auctioneer for our mail bid auctions.

Special thanks from the members go to our retiring officers. Don McKelvey of Port Huron served several years as president. Clifton A. Temple of Detroit was our VP for this past term. Ray Olson, also a past president, retires as treasurer who put in countless hours for Mich-TAMS. Ray is a researcher of Mich trade tokens.

- #12 Detroit, Brickley Dairy, 5¢ with Brickley bottle, round alum
- 13 Detroit, Brown's Creamery, 5¢ with bottle, round alum
- 14 (Detroit) Detroit Creamery Company, 5¢ when returned w/bottle, rd

END OF MAIL BID - BID NOW

WHEN YOU GOTTA GO, says one side of this advertising piece, depicting an old gent rushing into an outhouse, has a different meaning completed on other side, BE PROTECTED IN/A CURTIS ZINC CASKET, (shown), 39mm zinc, black highlight.

OLD DUTCH GROCERY

HERB WRIGHT #424 of Brighton Mich has researched a Mich maverick trade token he acquired, and gives us this information:

The 1 inch aluminum octagon, with beaded circle close to edge, says OLD DUTCH GROCERY//GOOD FOR 5/IN TRADE, and was in circulation sometime between 1920 and 1937.

On Jan 1, 1837, Lawrence Euler purchased one acre of land facing Grand River Indian Trail at Euler Road in Genoa Twp of Livingston Co. Mr. Euler built a log store and tavern that became known as the OLD DUTCH GROCERY. He then built a frame barn to stable travelers horses & oxen used to haul freight wagons & stage coaches. Ownership changed hands only 5 or 7 times in 139 years, making it the oldest operated place of business in the township. The original store burned in the 1880's. A frame structure burned in 1938. Following various service and repair operations, a large new building stands on the one acre site, housing a motorcycle sales & service shop. This pertinent information was excerpted from a 5-page history research by Brighton resident William A. Pless.

CLASSIFIEDS

WANTED - The Cadillac 1948 Mich Centennial Piece. Also have to trade early Mich centennial pcs and wood nickels. W J Falk, 10142 K/Lake-side Dr, Milford Mich 48042.

WILL TRADE - Mich tokens, medals, tags, etc for Florida tokens. Write to C R Clark, PO Box 13331, St Petersburg Fla 33733.

WANTED - Jewish tokens, medals, pins, also items of Israeli Defense, Jewish Chaplains & War Vets. Jack H Schwartz, 23450 Scotia, Oak Park Mich 48237.

WANTED - Elongated Rolled-Out Coins of Expos & Fairs since 1893. C J Meccarello, 228 Vassar Road, Poughkeepsie NY 12603.

WANTED - 1¢ and 5¢ coal and lumber tokens. Top prices paid. Paul Jensen, Box 271, Ft Thomas Ky 41075.

THIS 'N' THAT

PHIL CHILCOTE #45 referred the Jr. President of the Holland Coin Club to the Junk Box to announce those Young Numismatists' Bicentennial wood nickel. Larry J. Wagenaar sent along a HAPPY BIRTHDAY AMERICA round wood, showing flag. Buy from Larry, 0-3892 Lake Ridge Dr, Holland 49423.

ART GOUPEL #452 designed the Lincoln Coin Club's Bicent. woodnick for their Dec 12 show for Pres. PETER YATROS #425. Send 25¢ for 1 or 50¢ for 3 to Florence Schook, PO Box 2014, Livonia Mich 48154.

CLARENCE ZIEGLER LM#9 phoned info as to the F G Clayton token, Oct issue. A Frederick G Clayton clothing store was listed in Detroit in 1914 and the same year 1914 a bar in Highland Park was listed to F. G. Clayton.

JACK H SCHWARTZ #492 kindly presented your editor with a 1977 Israel 28th Anniv Token GREETINGS FROM ISRAEL, beautiful 30mm round, plus an AINA elongated cent from NYC in 1973.

Patrick Mint Bicent tokens, 2mm larger than a Lincoln cent, are popular all the way to Guam. RICH HARTZOG #461 gave out some at Mario's farm picnic. CLIFTON A. TEMPLE chose the Independence Hall obv, and gave his ANA No. as a very low 3317. CHESTER CLARK had 4 diff made, 1 each as Pres of his county historical society, MSNS Board member, chairman of his army division's national reunion, and as an exnumist 9 miles from Hell. 1 set of the 4, as item #48, has been packed in the Howell capsule to be dug up and opened by the people in 2076.

Question: where in Mich was Pythian Lodge #220? It issued a 1921 10 Yrs, round brass pc 32mm.

DETROIT COIN CLUB MEDALS

These seldom seen, low mintage, prestige medals of a great coin club issued during a 40-year span make up a collection in themselves. Mich-TAMS member LARRY FALATER #210, a long time member of the Detroit Coin Club, has a list of medals issued, their mintage quantities, and certain specifics, and when he can lay his hands on this list we shall try to bring it to you. Meanwhile we should get recorded here what information we glean from these 10 issues, and 3 related issues.

COMMEMORATING 150th MEETING/DETROIT AUG 21, 1930 is in the outer circle. Inner circle ~~and~~ reads DETROIT COIN CLUB/A.N.A. Within the inner circle is the seal of the City of Detroit. Just below the seal is ORGANIZED/FEB ~~24~~ 14, '24. This is a leather "medal" with the 37mm circle impressed into an octagonal 47mm beautiful tan piece of leather, uniface 5mm thick.

Another leather piece, for the same 150th meeting, from the same die 37mm, is made round without a border, on "green" leather (now it looks gray) 4mm thick, uniface.

The 300th meeting issue bears the same design, has the meeting date as Oct 15th, 1936, is smaller, 31mm, possibly silver, and the jewelry box it is in bears the name of Weyhing Bros., 304 Eaton Tower and 3040 Gratiot Ave. in Detroit. The reverse has the Michigan State Seal and the dates 1836-1936.

A full portrait of a prominent Detroiter adorns the 400th meeting commemorative. This man faces left and the bold name around above is ALBERT AVERY GRINNELL. Below is FOR ADVANCEMENT OF/NUMISMATIC SCIENCE. This medal is silver 39mm, and within the wreath on reverse is HONOR THE LIVING. Around the border is the 400th meeting information, and the date of January 23, 1941.

The Bronze Medal for the 400th is the same as the silver, but a tiny 2, like a mintmark, appears at the top of the wreath. Mr. Falater says this signifies a second limited issue.

For the 600th meeting, Nov 29, 1951, the silver piece still has the same obverse design, is 38mm, may be only plated, but has a different reverse, 250th BIRTHDAY SPECIAL at the bottom, DETROIT/1701/1951 at the top, an eagle on a shield.

The 600th meeting Bronze Medal is the same as the silver one, is two-toned and a beauty also.

To commemorate the 900th meeting, the smaller 35mm piece, believed to be sterling silver is 2-toned with black highlight, has the same City of Detroit Seal, but is minus the outer border's wording. The border is ~~xxx~~ plain. The reverse simply says 900 in letters 5mm high, MEETINGS in smaller letters, then May 19, 1963.

In 1967, the 1000th meeting held on June 1, is commemorated with a smaller version of the 1951 (250th) Landing of Cadillac in Detroit Medal, also made by Medallie Art Co in the same light bronze color. This medal is 39mm and bears the serial number on the edge of ~~xx~~ 193. Within a wreath on the reverse, in 5 lines, is the Coin Club information, but the date there is February 15, 1924, instead of Feb 14 on the previous medals, and says "founded" where the others said "organized". Why the 1 day's difference?

The City of Detroit Seal, central theme of several of the above medals, should be a story in itself. Possibly some of our members can interpret it. In the field, either side of the central figures, are four words, too small to read legibly on these medals, but on a 1931 Police Field Day medal they are readable. The two on the left are Speramus and Meliora, and on the right, Resurget and Cinciribus.

The heavy 1951 medal, official for Detroit's 250th Birthday, is

a work of art. With a reading glass one can see the designers name, Rene P. Chambellan. MEDALLIS ART CO. N.Y. BRONZE is stamped into the edge. The diameter is 74mm, the thickness 4 $\frac{1}{2}$ mm. In high relief we see Indians on the shore, the landing in a large canoe of Antoine DeLamothe Cadillac and his men, a skyline of trees in the distance. Detroit's buildings dominate the other side. Old Fort Pontchartrain 1701 is at the left. The proposed (then) New Civic Center is toward the right foreground. Bold words below are PAST, PRESENT, FUTURE.

Two other medals must be a part of this story. The Detroit Coin Club may well be proud of the part it played in hosting in 1962 the combined conventions of the American and Canadian Numismatic Associations. Earl Schill was General Chairman. The dates that year were Aug 15 - 18. The sculptor for the 2 medals, alike except 1 is .9991 silver and the other is bronze, was Marshall M. Fredericks. Medallie Art Co. was the maker. Each medal is serially numbered on the edge, matching the serial number on the little box each is in. The high relief design is half eagle, half maple leaf, with the words above AMERICAN-CANADIAN, and the words NUMISMATIC ASSOCIATIONS below. The reverse figure represents the spirit of man as an expression of God.

Getting back to the Club Medals, a tenth one is listed in PAUL CUNNINGHAM'S coming mailbid auction as being a 1936 issue in leather. Any information of other issues, or values of any, or stories behind any issue will be appreciated.

WHICH STATE, PLEASE?

A commemorative medal such as a centennial souvenir coin, naming a county, should be no trouble in attributing even if the state is not named. After all, it is for the whole county, and everyone knows where that is. Are you sure? What about WASHINGTON COUNTY? Some 29 states have one. There is a Jefferson County in 26 states, and a Jackson County in 24. Lincoln County is also in 24, plus one in Ontario, and one in England. Twenty states have a Madison County, 12 have an Adams County, and 12 a Johnson County. There are also 2 states having a Johnston County. Probably leading the non-presidential names is Clark County appearing in 12 states, and Clarke County in another 5. The common name of Smith is the name of only 4 counties. Only one county in the U.S. is called Winkler County, a comparative newcomer. It is in Texas. Their Golden Jubilee souvenir coin, the usual G/F 50¢ bronze, is 32mm and gives the years 1910-1960. The large building depicted is likely a courthouse or county building. No state name is on the piece. The search to determine the state prompted the information in this paragraph.

WORLD'S BEST APPLE PIE

Does a GOOD FOR token have to say "Good For" in order to be one? This one, brought to light by CLIFFORD COLLINS, simply says CASH ANY-TIME/IN 1950/FOR PIECE OF WORLD'S BEST/APPLE PIE/AT/HOLLYS//25th ANNIV-ERSARY/HOLLYS/GOOD FOODS/B.HARBOR - GR.RAPIDS/ST.JOE - SOUTH HAVEN/1925-1950. This piece is AU, aluminum 39mm.

A rubbing of a Mich trade token, found at a flea market in Leesburg, came from C. R. CLARK #460 in St. Petersburg, Florida. This 4-scallop red fiber 30mm piece says R.B CLUB/READING/MICH.//GOOD FOR/10¢//IN TRADE.

CHIEF PIPIQWA is the name below the the Indian in full head dress facing half right on the Harbor Springs Mich centennial 32mm bronze 1950 G/F 25¢. Response to the Junk Box inquiry, Oct/76 came from both BOB HITESMAN #437 of Battle Creek, and from NORMAN PETERSON LM#2 of Big Rapids. The reverse also says WAY UP NORTH IN GOD'S COUNTRY.
